

Europe & Metrology in Turkey, (EMIT) workshop: Dissemination of knowledge in the field of metrology in nanotechnology

LEAFLET – ED2
Event code: EMIT S04-13

Gazi University
Ankara, Turkey
24 - 25 May, 2011

The mission of the JRC-IRMM is to promote
a common and reliable European measurement system
in support of EU policies.

The IPA TR080209 project is financed by the European Union.

European Commission

EMIT Secretary: M. Leppens

S04 Trainers: J. McCourt, V. Gegevičius

Robust science for policy making

OUR MISSION

The mission of the Joint Research Centre is to provide customer-driven scientific and technical support for the conception, development, implementation and monitoring of European Union policies. As a service of the European Commission, the Joint Research Centre functions as a reference centre of science and technology for the Union. Close to the policy-making process, it serves the common interest of the Member States, while being independent of special interests, whether private or national.

EMIT workshop S04-13: Dissemination of knowledge in the field of metrology in nanotechnology

Aim

To inform the main beneficiaries, universities, accredited laboratories, other institutes and industry of the latest developments in the field of metrology in nanotechnologies and to facilitate knowledge transfer.

Scope

This event is not a training course. It is a dissemination event aiming at showing the current activities of the Joint Research Centre, including some FP7 partners, in this field.

Who should attend?

Professors and researchers from universities and institutes, managers and practitioners, professional and non-governmental organisations.

Language

Workshop will be held in English with Turkish translation

Practical information

Important dates:

16 March 2011: Announcement of programme

8 April 2011: Registration opens for participants

16 May 2011: Deadline for registration

24 - 25 May 2011: Workshop

For latest information please check the EMIT website

<http://irmm.jrc.ec.europa.eu/Turkey>

Registration: This event will be open to the main beneficiaries, universities, accredited laboratories, other institutes and industry. Registration will be possible via the JRC Events Registration System (<https://jrc-meeting-registration.jrc.ec.europa.eu/>). A link to this via the EMIT website (<http://irmm.jrc.ec.europa.eu/Turkey>) will be provided.

Registration fee: Participation is free. Refreshments and lunches will be served.

For late registrations or supplementary information requests, please send an e-mail to

JRC-IRMM-TURKEY-METROLOGY@ec.europa.eu

Topics tackled during the workshop

- Introduction to nanotechnology
- Use of nanotechnology today (in consumer products, in energy production, for the environment)
- Metrology in nanotechnology – methodology and standardisation.
- Public exposure to nanomaterials
- Nanotoxicology and risk assessment
- European Commission's work in the field of nanotechnology: the regulatory situation.
